How do you take care of your body?

How many parts of your body can you name?

What can your body do today that it couldn’t do when you were a baby?

How has your body changed since you were a baby?

Has your hair always looked like it does today?

How many parts of your head can you name?

Does everyone look the same?

How many parts of your legs can you name?

How many parts of your arm can you name?

What do you think is the strongest part of your body?

How are you similar?

How are you different?

How many parts of your middle can you name?

These conversation starters will assist children to learn and think about their body and how it is growing and changing.

AUSTRALIAN CURRICULUM
Foundation; Health & Physical Education; Personal, Social and Community Health; Being healthy, safe and active.
Name parts of the body and describe how their body is growing and changing (ACPPS002)
